# PRESENTATION FOLDERS

## Our Products:

Our best selling products are Presentation Folders. They come in many different styles to suit a variety of purposes. Most all are used by your customers to provide marketing for their products and/or services, but they can fulfill many other functions from introducing new products to emphasizing important information at a conference. But we aren't just limited to folders. We also have an expanded selection of additional products that can help your customers with organization and professional presentation of their business.

### Presentation Folders:

Presentation Folders function like a portable file folder and are extremely useful wherever or whenever you need to present a professional, organized appearance. They are especially helpful for business presentations in the sales process.

### File Folders:

File Folders help store important papers and other material in a neat and organized manner. Printed tabs help make these folders easy to find in any filing cabinet. These folders are great for medical, financial, education, and real estate markets.

### Card Carriers:

Card Carriers provide the hospitality industry and other business customers with a branded, convenient and professional way to hold hotel keys or gift cards.

### Literature Holders:

Literature Holders provide customers with a convenient, branded and professional way to present and distribute important literature or information to current and potential customers.

### Report and Tax Covers:

Report Covers put that professional touch on important reports and tax presentations.

### Photo Holders and Photo Sleeves:

In general, a tastefully designed Photo Holder is a great way to capture school memories or special events, or to keep memorable moments from company gatherings or athletic events. For example, these holders can be used for employee acknowledgements, company events such as picnics, special events or fundraisers.

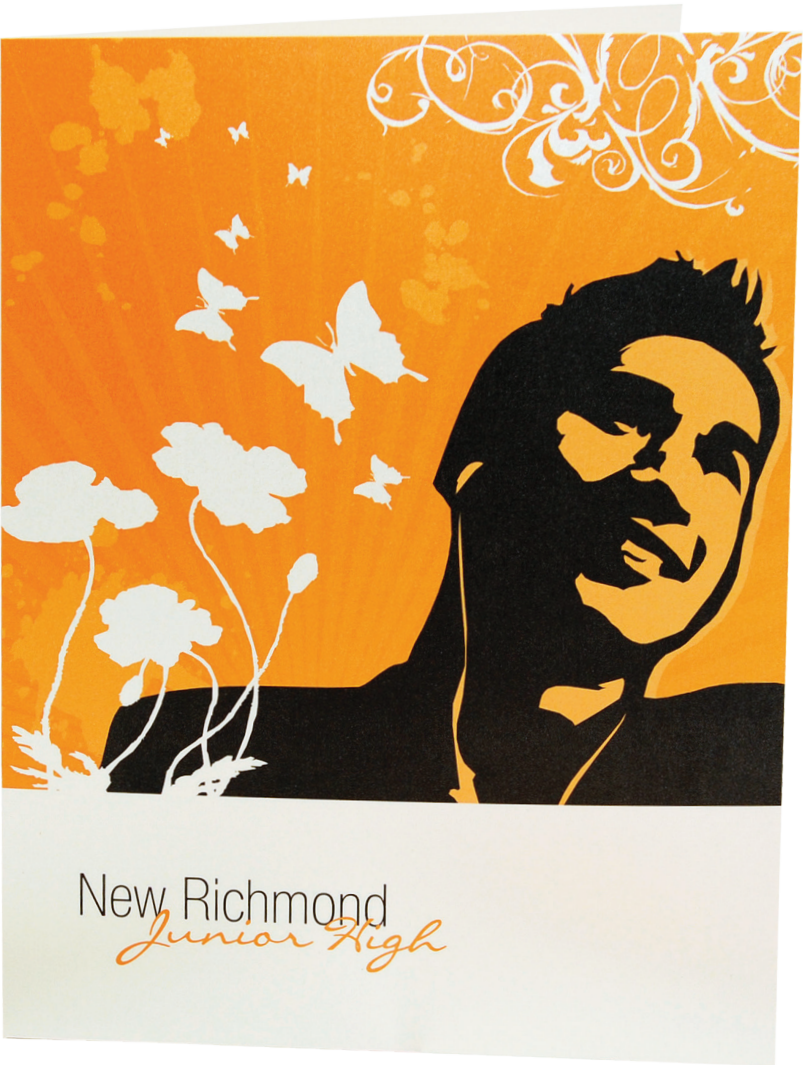

### Portfolios and Mailers:

Personalized Portfolios give a significant feeling of importance when receiving your mortgage papers for your very first home. Mailers are an exclusive product to send those one of a kind mail pieces.

### Packaging:

For that special event to provide a special "thank you," Presentation Packaging is a unique way to deliver your message.

## Trifold Folders

Trifolds are available as a glued or unglued folder with multiple styles to choose from. Quantities starting at 250.

## Stepped Inserts

Three standard sizes are available: 8½" x 11", 5" x 8½", 3½" x 8½" or call for a custom quote. In house stock is 100 lb. gloss text, special order stock available up on request. Stepped inserts will add 6 working days to production time.

## Self-Locking Box Pocket

The eco-friendly glueless box pocket design ships flat to save on shipping costs. The ½" spine and ¼" pocket capacity allow room for thicker materials like booklets and catalogs.

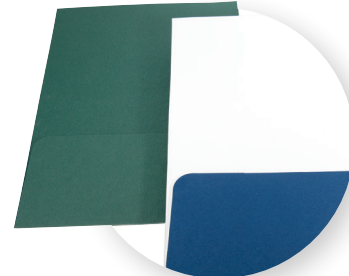

## Loose Pocket (Unglued) Folders

Looks pocket folders are available with or without self-assemble tabs.

## Stitched Inserts

Four color process stitched inserts are available in 8½" x 11" size page on 100 lb. gloss text. Please allow for 5 additional working days of production time.

## Pocket Page

The 9" x 12" pocket page allows for quick, secure storage. The single exposed pocket is great for intercompany communication or quick glance informational pieces.
