STANDARDS

To submit art to our pre-press department, you have to know one thing: do you need *digital* or *screen* printing? If you're going to print a photo, a halftone or images that change from one color to another, you will be printing in the digital realm. In that case, submit your art as:

- 300 ppi (minimum)
- in RGB format

Art can be raster, vector and/or spot color, but we don't guarantee PMS matches with this process. If you want specific color matching you probably want to go with screen printing. Here, you'll submit:

- vector art only, no raster images.

Please let us know what spot colors are required using a PMS color or by giving us a physical swatch to go by. As all monitors vary in brightness and color, we do not match colors sent via email (or "Just make it sky blue!" over the phone).

FORMATS

We're PC here, so CorelDraw and Adobe Illustrator are best for vector art. For full color, digital art can be in Photoshop or saved as a high quality JPG (see Standards for minimum ppi). PDFs are used for viewing ONLY. Any other format will incur art charges as we'll have to spend art time converting it to something we can print. Consider yourself warned!

SUBMISSION

Part of our pricing is based on how your art is submitted. The best way to get it to us is via email: orders@vaultpromos.com.

If the file is large, it can be zipped (compressed) or forwarded to our FTP site (Consult the factory for FTP uploading instructions). We also accept art on CD or flash drive.

If you're going old school and mail us a hard copy, we'll scan it at a high resolution. At that point it will be raster art. If you have any questions, please check with the factory.

PROOFS/PRE-PRESS SERVICES

Digital art proofs are sent via email at no cost to you! Please give us an email address with your artwork/PO so we know where to send it. One change and one additional proof is allowed without charge, additional proofs are \$25.00 (C) per proof. The pre-press department can create or correct your art at a cost of \$100.00 (C) per hour with a 15 minute minimum. Copy changes require an extra charge as well - \$30 (G), so please consult the factory for pricing.

SCREEN PRINTING

Along with our 11 stock colors, we can whip up Pantone Spot Colors as well, for an extra cost of \$30 (G). The coated (C) color is our standard, so if you need an uncoated (U), please specify. We need vector art for this process. If you have a bitmap or raster images, conversion charges may apply.

DIGITAL PRINTING

The digital process is closest to 4 color process printing. If you really want a PMS spot color, this process may not be for you. Though we will try to get close, the color will likely shift. In fact, it may shift slightly in color from reorder to reorder. Talk with your CS Rep about what you need and we'll deliver a product that best suits your art.

MISCELLANEOUS

Accepted namelist formats: txt, xls, & doc. Please don't convert them to outlines or curves (remember that extra art time. . .)

For sending special fonts: Mac Users:.otf
PC Users:.ttf, .otf fonts

When sending names, please send them as a separate file from your art.

PRODUCTION TIME

Refer to individual product pages for production time. Production time does not start until we receive your approval of order and proof.

PROOFS

All new orders will receive a free virtual proof. One (1) revision will be allowed at no cost. In the event the CEO still wants his name larger, additional revisions will be charged at 20 bucks a pop. Hey, we have all day.

RUSH SERVICE

Trust us. We know rushes are a big part of this industry. If we can accomodate you without an additional charge, we will. If we can't, well, we'll have to talk. Charges may apply. Consult factory for all rush inquiries.

CANCELLATIONS

If an order is approved for production and then cancelled, you will be billed for all costs, special material ordered (if applicable) and a cancellation fee of twenty-five dollars.

SPEC SAMPLES

Forty bucks, unless screen printed with multiple colors (consult factory).

If order is placed after spec sample, the spec sample fee will be credited.

SHIPPING

Fed Ex / UPS / Truck Line / Mail

Five dollars handling per box.

A \$10.00 (net) fee will be charged on all orders where the location or the shipping method changes on the date of shipment.

INTERNATIONAL SHIPPING - Please consult factory.

PAYMENTS

Deposits - 50% is required on orders of \$5000 and over.

Terms - will be established upon submission of your first order.

OVERRUNS/UNDERRUNS

Due to our quality control policies, it is impossible to guarantee shipping exact quantities on non-personalized items +/- 5%. Orders shipped less than 10% will be considered complete and billed accordingly. Up to a 5% overage will also be billed, unless specified on your purchase order.
